

Put the Power of OnSolve One Call Now **in the Palm** **of Your Hand**

Launch urgent notification and alerts from anywhere at anytime with the group messaging service used by thousands of businesses across North America. Send text, email, mobile app push notifications and voice messages to a group of people, or to a select few in seconds with the OnSolve® One Call Now mobile app.

Closings due to inclement weather or illness outbreak?

Have an open shift that needs to be filled right away?

Want to promote a special sale to your entire customer base?

Need to contact all your congregants with one call?

Practice cancelled or game rescheduled?

Fast and Simple

- Ensure the right people get the right message at the right time
- Save time — never call multiple people to deliver the same information ever again
- Send saved messages right from your phone
- Easily create, edit, update and schedule messages
- Allows recipients to view all messages in one place for quick, easy reference
- Enables recipients to forward alerts to their calendar so they won't forget important events

Easy, Effective, Trackable Communication

Now you'll know who received your call or text. With One Call Now, you have access to detailed analytics so you can be confident the right people see your alerts. Real-time reporting provides timely updates about who was reached successfully, when your message was received and on what mode or device. In addition, send messages with response options and monitor replies in real-time.

Enjoy the freedom and flexibility of the One Call Now App, letting you send a message anytime, anywhere.
